

Management and Implementation Strategies

- 1. Determine accessibility**
 - **Number of workstations available**
 - **Number of access hours available [per day/per week]**
- 2. Determine access style**
 - **Individual**
 - **Small (2-3) groups**
 - **Large group**
- 3. Determine topic and outcomes**
 - **Information learning**
 - **Process skills**
 - **Research**
 - **Communications**
 - ◇ **Oral presentations**
 - ◇ **Written report**
 - ◇ **Slides**
 - ◇ **Web page**
- 4. Determine core software applications to be used**
 - **One application (interface)**
 - **Multiple interfaces**
- 5. Take steps 1 through 4 and construct a project outline with the following components:**
 - **Name**
 - **Grade level(s)**
 - **Curriculum area(s)**
 - **Goals and objectives**
 - **Instruction**
 - ◇ **Introduction**
 - ◇ **Task**
 - ◇ **Activities**
 - ◇ **Process**
 - ◇ **Resources**
 - ◇ **Evaluation**
 - ◇ **Conclusion**
 - **Suggested procedures for smooth operation**
 - **Standards**
 - **Project extensions**
